AN INTERNATIONAL INTERDISCIPLINARY CONFERENCE**

***A matter of lifedeath***

October 1-4, 2014  
The University of Manitoba, Winnipeg, Canada

**KEYNOTE SPEAKERS**

Andrea Carlino, Françoise Dastur, David Palumbo-Liu, H. Peter Steeves, Elisabeth Weber

With immense pleasure and great anticipation, *Mosaic* invites writers from across the disciplines (architecture, film, history, medicine, biology, literature, philosophy, religion, sociology, etc.), to engage questions of life and death in ways that avoid reductive gestures and that exceed oppositions between animate and inanimate, human and animal, presence and absence, the humanities and the sciences, the living and the dead. We welcome provocative proposals for presentations that open to further research and discussion on themes that may include, but are not limited to, the following: finitude, heredity, inheritance, evolution, cyborgism, morphology, immunology, ontology, global warming, biodiversity, artificial life, memory, mourning, spectrality, mutation, transplantation, reproduction, repetition, machine, mechanicity, animality, the unconscious, Thanatos, genetics, code-script, message, biotechnology, bioethics, biopolitics, responsibility, affirmation, promise.

Proposals should include: a title and an abstract of 450-500 words, and on a separate page, the author's name, brief C.V., institutional affiliation, complete contact information, and email address.

Graduate students presenting a paper at the conference may be eligible for a travel grant. Those intending to apply for a travel grant should enclose a covering letter with their abstract detailing anticipated travel costs for the conference.

Deadline for submission of proposals: December 9, 2013.

For information, see the *Mosaic* website at: **[www.umanitoba.ca/mosaic](http://www.umanitoba.ca/mosaic)**. A conference website will be available (and linked to the *Mosaic* website) by summer 2013.
